

Blue Jackets, Bright Futures....

- ★ Hands-on experiences
- ★ Discovering talents (honing professional skills)
- ★ College readiness
- ★ Real-world success

Something for Everyone...

The Agriculture industry is very vast and covers careers from farming to medicine, business to technology. No matter what your career plans are, there is a future for you in Agriculture!

Learning to Do

Show livestock, raise plants, Career Development Events

Doing to Learn

Chapter meetings, conferences, field trips

Earning to Live

Entrepreneurship, industry placement, work experience, research

Living to Serve

The Giving Farm, community service

Agricultural Education envisions a world where ALL people value and understand the vital role of agriculture, food, fiber and natural resource systems in advancing personal and global well-being.

Westminster FFA

We're more than cows and plows....we are the future!
